**Andy Stevens, M.D. Joins Harbin Clinic Neurosurgery**

ROME, GA (July 27, 2010) — Andy Stevens, M.D., has joined the Harbin Clinic Neurosurgery Department. Dr. Stevens joins Drs. Carl Herring and Jay Schecter, Jeffery Glass, John Cowan, David Hale and Brian Hard, in the Harbin Clinic Specialty Center located at 550 Redmond Road.

Dr. Stevens received his Medical Doctorate degree from the Medical College of Georgia in Augusta. He completed his Neurosurgery residency at Wake Forest University Baptist Medical Center in Winston-Salem, N.C. His areas of clinical expertise and interest include the surgical management of brain tumors, spinal tumors, minimally invasive and complex spine surgery, cervical and lumbar fusion, disc disease and trigeminal neuralgia. His research has been presented nationally and he has recently published more than 12 peer-reviewed articles and book chapters in neurosurgical literature. He is a member of the American Association of Neurological Surgeons, the Congress of Neurological Surgeons, the American College

of Surgeons, the North American Spine Society and the Christian Medical and Dental Association.

Dr. Stevens comes to Rome with his wife and three daughters.

Harbin Clinic is Georgia's largest physician-owned multi-specialty clinic. With approximately 160 doctors and extenders in 20 locations, Harbin Clinic provides care to thousands of people in North Georgia and parts of Alabama and Tennessee.
